COFFEE ROASTERS
TEA IMPORTERS

Warren, Pa.

The labels offered here are approximately 40 to 50 years old. They were printed during the period 1925 to 1942. The company which owned these labels was recently sold. Years ago it engaged in packing fruits and vegetables and the "private labels" are remnants of that activity. Many of these labels are embossed and were done in a style not commonly used today.

The labels, as well as this letterhead, were removed from the Glendora warehouse where they were found in a vault in the basement of the five story warehouse building in Warren, Pennsylvania. The labels we offer here are the best of those we found and we believe them to be in mint condition.

RECIPE

ADD ONE CUP SUGAR, ONE OR TWO CUPS MILK, ONE TABLESPOON GINGER, HALF TABLESPOON CINNAMON, FOUR EGGS, A LITTLE SALT; SOME LIKE A PINCH OF CLOVES, TOO. THIS WILL MAKE THREE PIES, OR TWO VERY LARGE ONES.

CHANGES CAN BE MADE TO SUIT YOUR TASTE. SOME LIKE TO BEAT WHITES OF TWO EGGS AND PUT PART ON THE CRUST TO PREVENT SOAKING, AND PART STIRRED IN ON TOP OF PIE.

BAKING POWDER

DIRECTIONS

Use two heaping teaspoonfuls of Baking Powder to a quart of sifted flour. The quantity may be varied according to quality of flour and the article to be made. Buckwheat cakes require more and cakes where eggs are used, less; sufficient must be used according to circumstances. Always mix the powder through the flour in the dry state; add salt and shortening to suit the taste. Mix with cold water or sweet milk into a smooth dough that can be handled without sticking and bake in a hot oven.

CAUTION.—Never use sour milk, cream tartar, soda or saleratus with the Powder and it is always best to keep it covered in a dry place.

THIS BAKING POWDER IS COMPOSED OF THE FOLLOWING INGREDIENTS AND NO OTHER: BI-CARBONATE OF SODA, ACID PHOSPHATE AND CORN STARCH.
